Good morning Annie,

Just checking in about a case involving [REDACTED] for which I faxed over an expedited cert request. The grand jury that heard the evidence is finishing testimony next week and the case is about four months old (I faxed the request last week as it hadn't been done earlier. Is there a way to tell how long the analysis will take? I really just need the weight of the pills. The analysis numbers are [REDACTED]

Thank you!

Allison

We do not have a formal request form for expedited samples. You can just fax over a letter indicating the Lab#/s and date needed to the Evidence Office @ 617-983-6625 and they will assign them to a chemist/s.

Have a great long weekend.

Annie,

Do you have an expedited drug cert request form that I can fill out and send back to you? I have a case with 2 1/2 kilos that I need expedited. Thank you!

Allison
